A ROUND OF TALK.

In The Country.

It seems to be like to go where bells don't ring, nor whistles blow. Nor clocks don't strike nor gongs sound and I've had stillness all around.

Not real stillness, but just the trees' low whisperings, or the hum of bees. Or brooks' faint babbling over stones, is strangely, softly tangled tones.

Or maybe a cricket or katydid, Or the song of birds in the hedge, hid. Or just some such sweet sound as I'll find a tired heart with ease.

'Tis well for sight and sound and 'Tis well for heart and soul to get. And out where the sky is blue; And just how it seems to you?

—Eugene Field.

RE-KUTIFY THE TOWN.

The suggestion about tree planting made in this column two weeks ago appears to have met with the approval of all good people who are interested in the beauty and healthfulness of our town and several enterprising citizens have taken the matter up and are organizing a systematic plan whereby it is hoped to have shade trees set out along all the principal streets of the town. The matter of expense, which will be comparatively small when results are considered, will doubtless be cheerfully borne by individual property holders, or it is possible that the town will aid in the matter. At any rate in order that the trees may be uniform and set out systematically and in a manner that will guarantee them to live some experienced hand should be employed to do the work and the trees should be bought of a reliable nurseryman. It is to be hoped that by fall all arrangements will have been made and that these steps towards restoring the shade trees of the town will be taken.

DRONKEY--The Lebanon, Ky. Enterprise says: "Mr. Alfred Dobson, of near Springfield, on Wednesday purchased of Mr. Sam C. Mackin the latter's half interest in the live stable of Mackin & Brown, and takes possession tomorrow. Mr. Dobson is a hustling, thrifty gentleman and thoroughly familiar with the business. Mr. Mackin has no decided what he will engage in, but his many friends hope he will remain here." Mr. Dobson has one of the best farms in the Beechland neighborhood, this county, which he expects to sell this fall and move to Lebanon. Mr. Dobson is a former Washington county man.

HUSTLING--The directors of the Washington County Fair are hustling with the advertising matter and in other ways to boom the next fair which begins in the 30th of this month and the indications are that the association's meeting this year will be a success in every respect. Several hundred dollars have been added to the premium list for live stock exhibits and the list for the first day includes specimens of women's handwork and agricultural products, has been thoroughly revised. One of the most important improvements made at the grounds for years was the building of the floral hall which was done this summer. This is something which has been needed all along and articles which are now placed on exhibition in that department the first day may remain during the balance of the meeting.

CRISIS PICTURES--Mr. E. A. Cox the local photographer has been officially appointed to furnish photographs and views of Washington county products and scenes to be put on exhibition in Kentucky's display at the World's Fair. The collection will include the horse, cattle and other booted stock views of growing crops, such as tobacco in the various stages of growth, views of public buildings and private houses, points

of historical interest and so forth. Inasmuch as Mr. Cox is to do this work without any remuneration from the World's Fair management the people should render him all assistance possible in making this collection.

End of Bitter Fight.

"Two physicians had a long and stubborn fight with an abscess on my right lung," writes J. F. Hughes, of Du Pont, Ga., "and gave me up. Everybody thought my time had come. As a last resort I tried Dr. King's New Discovery for Consumption. The result I received was striking and I was on my feet in a few days. Now I'm entirely re-energized. It conquers all coughs, colds, throat and lung troubles. Guaranteed by C. J. Hayden's Drug Store. Price \$5.00, and \$10.00. Trial by return mail."

TO ACCOMMODATE those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors of Dr. King's New Discovery have prepared the spraying tube in 75 cents. Dropper or by mail. The liquid contains the medicinal properties of the cold preparation. Cold is quickly absorbed by the membrane and does not dry up the secretions but changes them to a natural and healthy character. Try Brothers, 58 Warren St., N. Y.

Killed a Bad Negro.

News has just been received here that a "foe day ago" Judge E. E. Eastland Lee shot and killed a negro man at his home, near Springfield, Tenn. The trouble grew out of a lawsuit. The negro man, Mr. Eastland, on the road and was shot and threatened him and was shot.

"Judge E. Eastland got the title from having made his race for county judge last year. He is a fine man and a good character and habits, his mother and two sisters still live at the home place, between Harrodsburg and Danville, his father having been killed several years ago in a difficulty which grew out of a dispute over a division fence. Mr. Eastland's wife is a sister of Mrs. Bush Allen, and a most excellent lady. They removed to Tennessee about seven years ago--Harrodsburg Democrat.

Sore The Children.

Ninety nine out of every hundred cases of this kind are due to disorders of the stomach, and these disorders are all caused by indigestion. Dr. King's New Discovery is just what is needed for children and the whole community. It keeps their little stomachs sweet and encourages their growth and development. Try it. Carter, 706 Central Street, Nashville, Tenn. says "My little boy is over three years old and has been suffering from indigestion ever since he was born. I have had the best doctors in Nashville, but failed to do him any good. After using a bottle of Kodol he is well today. I recommend it to all sufferers." Kodol digests what you eat and makes the stomach sweet. Sold by C. J. Hayden.

Valuable Painting Found.

What is supposed to be a very valuable painting has been discovered in a pile of rubbish in the gallery of the old church of St. Catherine at New Haven. The picture is that of "Our Savior as he is being removed from the Cross" and is by Van Dyck, the celebrated Flemish artist who died in 1440. The discovery of this valuable painting was made by Mr. F. O. Raab, an Austrian artist who is engaged in renovating the picture in St. Catherine's church. The picture which is about five feet by six inches is hidden from its place behind the altar in the church about thirty years ago to make room for "The Queen of Angels" by Martin. After its removal it was thrown into the gallery of the church as worthless. Though cracked and torn, Mr. Raab claims it will be able to restore it to its original beauty and freshness which will make it very valuable. When rescued it will be replaced in the church. The picture was brought from France by one of the early Missionary priests.--Harrodsburg Standard.

An Old Landmark.

The death of Mr. S. T. Lloyd, of Smithville, brings to our minds that he was the owner of a very old landmark, a flour mill situated on Salt River, where the Louisville and Bardonia pike crosses the river. The mill in early days, was called the Telegraph mill and was run entirely by steam power.

In later years a dam was built across the river and turbine water is now used. During the civil war, the mill barely escaped destruction by fire. General Buell was retreating through Kentucky, followed by the Confederates under General Bragg. After the U. S. troops over the bridge that spans the river at this point, General Buell ordered the bridge destroyed, it being a large double track covered structure. It made a fierce fire and for some time it seemed as if the mill and toll house were to be destroyed, but the mill was saved from the fire by the mill and toll house being blown from the porch, kept the flames and sparks from igniting the property. It is said the wife of Mr. James Clark, living near the scene, died from fright during the excitement.--Spencer Courier.

Suicide Prevented.

The startling announcement that a prominent citizen had been discovered will interest many. A run down system, or despondency invariably precedes suicide and something has been found which will prevent that condition that makes suicide likely. At first thought of self destruction late Dr. King's New Discovery will strengthen the nerves and build up the system. It's also a great Stomach, Liver and Kidney regulator. Only \$5.00. Satisfaction guaranteed by C. J. Hayden, Drugist.

DeWitt Is the Name.

When you buy Witch Hazel Salve look for the name DEWITT on every box. The pure, unadulterated Witch Hazel is used in making Dr. King's New Discovery. It is the best salve in the world for cuts, burns, bruises, boils, eczema and piles. The popularity of Dr. King's New Discovery has caused numerous counterfeits to be placed on the market. The genuine bears the name of C. J. Hayden & Co., Chicago. Sold by C. J. Hayden.

Great Meeting.

The greatest religious meeting in the history of Harrodsburg, Kentucky, was held on Wednesday, July 29th, at the residence of Rev. W. Williams. It was a most successful one, but its influence will be felt for years. There were 229 professions and conversions of which 153 are men and boys and 76 girls and women, just the reverse of the usual proportion. But these were only the outward results. The church and whole community have been quickened spiritually, and all are more ready to subscriptions to the \$100,000 fund being raised by the exhibit association. The list was headed by the First National Bank for \$50, the contribution being made by the Vice President, C. G. McChord, W. Lewis. The People's Bank is expected to follow suit, as President G. D. Robertson, Vice Cashier H. T. Thurman and Cashier Boulware will bring the matter before the directors. Other subscriptions were: W. C. McChord, \$10; H. T. Thurman, W. D. A SNAKE'S FATAL BITE.

It Killed a Little Boy and the
Child's Pet Cat Near Brush
Grove, This County.

The correspondent of the
News-Leader at Tatham
Spring sends us the particulars
of the horrible work of a veno-
mous snake in the Brush Grove
neighborhood one day last week.

The little grandson of Mr.
Frank Thompson, a child four
or five years of age, was at play
in the orchard near his home
having with him a pet kitten.

The child ran upon in the grass
a large snake supposed to be of
copper-head variety. Being of
course ignorant of the danger
the little fellow saw in the dan-
gerous reptile only another pet
or plaything and proceeded to
catch the snake, and with the
deadly serpent in one arm and
the kitten in the other started
gleefully home to exhibit his new
found pet. When the horri-
fied gaze of the poor mother of
the unfortunate child fell upon
the awful situation the snake was
fiercely striking the kitten which
was struggling to escape. In a
